Yang Long

EDUCATION

PhD in Statistical Science, George Mason University, Fairfax, VA

Exp. May 2026

- · Advisors: Dr. David Kepplinger and Dr. Lily Wang
- Topic: Robust methods for high-dimensional regression and imaging data analysis

MS in Statistics, CUNY-Baruch College, New York, NY
MS in Finance, University of Rochester, Rochester, NY

BEcon in Finance, Zhongnan University of Economics and Law, *Wuhan, China*

May 2019 Dec 2015

Jun 2014

RESEARCH INTERESTS

Robust nonparametric statistics

Distributed learning methods

- Multispectral imaging analysis
- · Non-convex optimization
- Functional data analysis
- Time series analysis

PUBLICATIONS _

Under Review

1. **Y. Long**, G. Cao, D. Kepplinger, and L. Wang, "Robust mean signal estimation and inference for imaging data," Submitted to *Statistica Sinica*, 2024+

Published

- 2. Z. Li, S. Bruce, C.J. Wutzke, and **Y. Long**, "Conditional adaptive Bayesian spectral analysis of replicated multivariate time series," *Statistics in Medicine*, vol. 40, pp. 1989 2005, 2021.
- 3. D. Feldman, S. Gross, and **Y. Long**, "Gender competitiveness and predictability, and prize money in Grand Slam tennis tournaments," *Quarterly Journal of Finance*, vol. 10, No. 2, 2020.

Working Paper

- 4. **Y. Long**, G. Wang, Z. Gu, D. Kepplinger, and L. Wang, "Robust distributed image-on-scalar regression for spherical surface data," *In preparation*, 2025
- 5. **Y. Long**, D. Hanley, and D. Kepplinger, "Illuminant spectrum estimation and inference to study animal coloration from multispectral camera images," *In preparation*, 2025

PRESENTATIONS AND ACTIVITIES

1. **Contributed Talk,** Joint Statistical Meetings, *Nashville, TN*Robust distributed image-on-scalar regression for spherical surface data

Aug 2025

2. **Invited Talk,** ICSA Applied Statistics Symposium, *Storrs, CT*Robust distributed image-on-scalar regression for spherical surface data

3. **Student Presentation,** StatConnect 2025, *Fairfax, VA*Robust learning and inference for mean functions in functional data analysis of imaging data

4. Contributed Talk, Joint Statistical Meetings, <i>Portland, OR</i> Illuminant spectrum estimation to study animal coloration from multispectral camera image	Aug 2024 s
5. Contributed Talk, ICORS meets DSSV 2024, <i>Fairfax, VA</i> Robust learning and inference for mean functions in functional data analysis of imaging data	Jul 2024
6. Poster, The Conference on Evolving Statistical Data Science, <i>Fairfax, VA</i> Accelerated Algorithms for Elastic Net S-Estimators	Mar 2023
HONORS & AWARDS	
Graduate Student Travel Fund, George Mason University	Jul 2024
· Academic Excellence Scholarship in MS Statistics (one recipient annually), Baruch Colleg	e Jan 2019
Merit-Based Scholarship, Simon Business School, University of Rochester	Jul 2014
RESEARCH EXPERIENCE	
 Graduate Research Assistant, George Mason University, Farifax, VA Develop distributed robust estimation and simultaneous inference methods for biomedical i Construct a spectral irradiance Estimation and inference pipeline using multi-spectral came Build efficient non-convex optimization algorithms for computing robust penalized elastic-ne 	ra images
 Graduate Assistant, Statistical Consulting Laboratory, Baruch College, New York, NY Assisted in statistical model development for faculty-led research projects in finance and ma Consulted business school faculty and graduate students on data visualization and statistical 	
TEACHING EXPERIENCE	
Teaching Assistant	
· STAT 250: Introductory Statistics I, George Mason University	Spring 2021
· STA 2000: Business Statistics I, Baruch College	Fall 2017, Spring 2018
· STA 3154: Business Statistics II, Baruch College	Fall 2017, Fall 2018
· STA 9719: Foundations of Statistical Inference (Graduate), Baruch College	Spring 2018
PROFESSIONAL EXPERIENCE	

Summer Associate (Data Scientist), Navy Federal Credit Union, Vienna, VA

May 2024 - Aug 2024

• Enhanced credit card probability of default logistic regression models for the CECL quantitative modeling team

Quantitative Analyst Intern, Truist Bank, *Charlotte, NC*

Jun 2023 - Aug 2023

• Developed a machine learning framework with SAS and Python for suspicious transaction monitoring

Quantitative Research Associate, Terrapin Asset Management, LLC, New York, NY

Oct 2015 - Jul 2017

· Performed empirical data analysis on hedge fund activism to validate and enhance a new hedge fund strategy

PROFESSIONAL SERVICE & LEADERSHIP

Journal Referee

Journal of Nonparametric Statistics

· Statistical Analysis and Data Mining

• TEST

Volunteer

ICORS meets DSSV 2024, Fairfax, VA
 IMS Meeting of New Researchers in Statistics and Probability, Fairfax, VA
 SC21 (ACM/IEEE Supercomputing Conference), St. Louis, MO
 Nov 2021

University

President/Vice President, Statistics Graduate Student Association (SGSA) of GMU
 PhD Representative, Graduate and Professional Student Association (GAPSA) of GMU
 Aug 2021 – May 2023
